1,000 CHAINED; 650 ARE MISSING

Special Court to Try Mutineers at Sveborg.

STRIKE OVER AT HELSINGFORS

Eye-Witness of Scene of Conflict Within Fortress Tells of Terrible Work Wrought by Rebels—The Barracks Are in Total Ruins.

Helsingfors, Aug. 6.—One thousand of the mutineers are now in chains on Skattudden island. The missing number 650.

A correspondent was permitted to look over the fortress of the main island, as well as all the other fortifications overlooking the town.

The scenes proved the truth of the statements previously cabled, that the mutineers had the upper hand in practically all the fortresses until the arrival of the warships.

Escorted by an officer, the correspondent was shown all the minor barracks and fortifications and the wharf and neighboring quays, which bristled with machine guns. Flag staffs had been splintered as if the mutineers had tried to shoot away the Russian colors. The most severe fire from the fortress was directed on the headquarters of the commander, who was forced to seek shelter in a better protected place.

The barracks in the vicinity showed plainly the effects of the fighting. They are nothing more than tottering ruins, upheld by iron girders. The church in which hangs the memorials of the French and English bombardments of 1855, was struck several times, but it is evident that the mutineers did not wish to destroy the building, in spite of the fact that none of its winnows remain whole.

There is no question that until the warships came up the government was powerless adequately to reply to the mutineers, and was simply able to hold its position. The commander had scarcely fled from his headquarters, leaving them a heap of fallen ruin, when the warships crept up the coast and opened fire. Taken unawares, without leaders and with but little food, the mutineers gave up.

It now transpires that there were two officers among the mutinous men, Lieutenant Kohonsky and Lieutenant Smiljanoff. The latter was wounded. Kohonsky gave himself up to the bogatyr and asked pardon.

A special court is coming here from St. Petersburg next week to try the prisoners.

The total of the casualties is not yet known, but it is known that 650 men are missing. It is impossible to say how many were wounded. As previously cabled in these dispatches, only five officers were killed.

The town is very quiet, and officials believe peace has been permanently restored.

Helsingfors, Aug. 6.—The strike of the employes of the street railroads and factories here is over. All the leaders of the socialist Red Guards have been arrested and the organization has been broken up.

Spreckels Buys Palatial Home.

New York, Aug. 6.—Claus Spreckels, whose residence on Nob Hill, San Francisco, was dmaged by the recent earthquake and fire, has bought the dwelling at 858 Fifth avenue this city, belonging to Isaac Stern. It is an unusually large, marble front house, occupying a plot 55x125 feet, adjoining the residence of the late Charles T. Yerkes at Sixty-eighth street. The sugar man will have for neighbors Herman C. Armour and James Henry Smith.

Will Not Affect American Imports.

Hamburg, Aug. 6.—The new meat inspection regulations will not seemingly seriously affect American imports. The regulations require the inspection of lymphatic glands with fresh meat, while with prepared meat, such as is chiefly imported from the United States, only the glands naturally belonging to the cut must be extracted.

REAR ADMIRAL TRAIN DEAD.

Was Commander In Chief of the United States Asiatic Fleet.

Chee Foo, China, Aug. 6.—The sickness of Rear Admiral Charles J. Train, commander in chief of the United States Asiatic fleet, who died here Friday, began July 20. He arrived at this place on the flagship Ohio June 24, went ashore and put up at a hotel in the best of health. He sailed on July 5th to meet the dry dock Dewey on her way to the Philippines, and returned to Chee Foo July 20th.

The admiral went to his hotel and informed the officers of the Ohio that he was unable to return on board. He was confined to his room shortly afterwards, but his illness was not considered serious until Friday, and it was not expected to be fatal until a few hours before his death.

The admiral's son, Russell, and Surgeons Henry G. Beyer and Henry E. Odell, who have been in attendance on the admiral continuously for several days, were at his bedside until the end, which was peaceful.

The body will probably be taken on board the Ohio Sunday, when the battleship will proceed to Yokohama.

Killed by Drunken Man.

Chicago, Aug. 6.—As Joan Rose, a painter, was sitting with his wife on the doorstep of his home on Saganon street, he was shot and fatally wounded by George Heller. Rose died a few minutes later. Heller, who is an iron worker, was walking up and down the street with a woman. Both had been drinking. At length they crossed to Rose's side of the street and started a quarrel with the latter. Rose ordered them away, and Heller replied with a bullet, which struck the man in the left side. As the shot was fired the woman accompanying Heller ran and escaped. Heller was arrested.

Suffer from Ptomaine Poisoning.

New York, Aug. 6.—It became known Friday night that 20 nurses in the Bellevue training school have been suffering from ptomaine poisoning. Eight are still suffering from the poison, but none of them are in a dangerous condition. The nurses were taken sick on Wednesday night after, it is said, they had eaten some canned tongue and ham. The first one stricken said she thought she had been poisoned and then the others began to show the effects of the poison. The doctors in the hospital had a busy time treating the patients.

Wlaked on the Water.

New York, Aug. 6.—A special from Ithaca says Jos Antonio Osios, a Mexican student in Cornell university, walked on the water of Cayuga lake Friday. He wore a pair of water shoes which he recently designed in the department of mechanical engineering. He shot about over the surface of the water in every direction with apparently little effort. The shoes are constructed of tin, with four air chambers in each, and a separate compartment for the foot. They are 5 feet, 1 inches long, 14 inches wide and nearly 10 inches deep. Collapsible fans prevent them from slipping. A large crowd witnessed the test.

Gagged, Bound and Blindfolded.

New York, Aug. 6.—Pasquale Greco, 35 years old, who was reported several days ago as being kidnaped by a black hand gang, was found in a hallway on Eleventh street, gagged and bound and blindfolded. He told the police that since late Tuesday night he had been a prisoner of several Italians who had give nhim neither food nor water in the 80 hours of his captivity. Eugenio Duche, a tailor who notified the police of Greco's presence in the hallway, was arrested on suspicion of knowing something of the kidnaping.

Pure Milk for Chicagoans.

Chicago, Aug. 6.—The state food commission issued a formal notice Friday that hotel, restaurant and lunch room keepers who served watered, skimmed or otherwise adulterated milk to customers will be prosecuted.

McArthur Reassumes Command.

San Francisco, Aug. 6.—General Arthur McArthur, who has returned from an extended trip in the Orient, has reassumed command of the department of the Pacific.

SPECIAL ORDERS OCCUPIED HOUSE

Much Debate Over Report of Rules Committee.

TO ISOLATE THE CONSUMPTIVES

The Hall Anti-Pass Bill Must Await Its Turn, but Pure Food Bill and the Mattingley Bond Bill Will Come Up Next Week.

Atlanta, Aug. 6.—The greater portion of Friday's session of the house of representatives was consumed in the discussion of the report of the rules committee to set certain bills down as special orders for next week.

The resolution to make the Hall anti-free pass bill an immediate special order was voted down, after which the house set down the Mattingly bill introduced by a special committee on which Mr. Wright, of Rockmart, chairman, as a special order for Tuesday, and the Wright pure food bill as a special order for Monday.

A bill by Messrs. Hardman and Holder, of Jackson, appropriating $100,000 for the erection of four wards at the state asylum at Milledgeville for the isolation of insane consumptives was passed. An amendment was adopted providing that this sum should be taken from the amount already appropriated for the institution for 1906 and 1907 and that new buildings should not be erected if the buildings now in existence be adequate for the purposes of the bill.

The citizens of Fitzgerald, in expression of their gratitude at the passage of the bill creating Ben Hill county, extended an invitation through Mr. Wilcox, of Irwin, to the legislature to attend a banquet to be given Saturday night at Fitzgerald in honor of the creation of the new county, of which Fitzgerald is to be the county seat.

Saturday's session of the house was devoted to the third reading and passage of local bills and general bills with local application.

The proceedings of the house was as follows:

The house convened at 9 o'clock, Speaker Slaton presiding.

A resolution by Mr. Calvin, of Richmond, fixing the order of business for Saturday as the reading of senate bills the first time, the reading of house and senate bills a second time, reports of standing committees, the reading and passage of local bills and the introduction of new matter, was adopted.

A bill by Messrs. Hardman and Holder, of Jackson, to appropriate $110,000 for the building of four separate buildings at the state sanitarium at Milledgeville for the isolation of insane consumptives, was put upon its third reading and passage, the house resolving itself into the committee of the whole, with Mr. Adams of Elbert in the chair.

Mr. Hardman explained that the reports of the sanitorium for the two years showed that 250 had died of consumption, this being one-fourth of the total number of inmates. The bill provides that the $110,000 appropriated shall be taken from the sum already appropriated for 1906 and 1907 for the state sanitarium.

"Regardless of the fact that we make an annual appropriation of $100,000 for the state sanitarium, the cry goes up each year that they are over crowded," said Mr. Hall, of Bibb.

"I'll tell you why they are over crowded," cried Mr. Hall. "It's the dumping ground for every poor house in Georgia."

Mr. Hall declared that there was no necessity for more buildings, that they had enough buildings there now.

"Do I understand," asked Mr. Griffin, of Cobb, "that patients who are not insane are kept at the state sanitarium?"

"Yes," Replied Mr. Hall. "They are sent there to sober up, and when they get sober they are discharged."

Mr. Akin, of Harlow, spoke in favor of the measure and Mr. Alexander, of DeKalb, offered an amendment that should the appropriation be exceeded the official responsible therefor should be personally liable therefor.

"It has become the accepted custom for our state officials," said Mr. Alexander, "to exceed appropriations at will, a practice which should be stopped."

Mr. Knight, of Berrien, opposed the idea of making an appropriation for new buildings, declaring that there were already a sufficient number to serve every purpose.

Mr. Hines, of Baldwin, spoke in favor of the bill, after which action upon the amendments offered.

Mr. Alexander's amendment, that the official responsible for exceeding the appropriation provided should be personally responsible therefor was adopted.

The amendment of Mr. Lane, of Jasper, that new buildings should not be erected if the buildings now there were sufficient for the purpose was also adopted.

The bill was passed by a vote of 126 to 7, and on motion of Mr. Kelly, of Glascock, was immediately transmitted to the senate.

Anti French Agitation Spreading.

London, Aug. 6.—A dispatch to the Pall Mall Gazette from Tangier, published Saturday afternoon, says that highly sensational reports are being received here causing the utmost excitement. Daily almost hourly comes information from the interior of the spread of a violent anti-French agitation. The rebels are concentrating their military contingents around Marakesh (Morocco City), the southern capital, and there is no doubt that a formidable coalition of semi-independent vassals has been formed. Fez is simmering for a holy war and may rise in the process. Sheer Abdul Hafid is in great financial straits. The situation is more critical than it has been for many years.

Jordan Sails for New York.

Savannah, Ga., Aug. 6.—President Harris Jordan of the Southern Cotton association, sailed Friday afternoon for New York. Mr. Jordan said he did not know whether Secretary Richard Cheatham, of the association, would resign or not because of the criticisms of him by the probing committee in regard to dealing in futures. He said that personally he would not like to attempt to anticipate the secretary's actions by a statement. He said just before leaving Atlanta that the result of the committee's investigation was handed to him and that he did not have an opportunity of conferring with Mr. Cheatham.

Say He Showed Way to Saloon.

Savannah, Ga., Aug. 6.—Detective Julius Stark was suspended by Mayor Meyers following the receipt of a communication from the grand jury. Secretary Dawson wrote the mayor that he was instructed to inform him that sworn evidence had been heard by the grand jury that the detective had stood at the corner and directed persons to a bar on Sunday, July 8. The mayor announced that the suspension would be operative until the case was disposed of in court. The detective is charged with having had an interest in the bar to which he directed Sunday customers. This he denies.

Attempt to Assassinate Franco.

Lisbon, Aug. 6.—An attempt was made to assassit Senator Franco, president of the council of ministers, as he was leaving a political gathering Friday night. Senator Franco had addressed the newly formed club of electors, after which a crowd of manifestants in the streets stoned the members of the club and as Senator Franco entered his carriage, a manifestant attempted to attack him, but friends compelled his assailant to seek safety in flight.

Longworths Sail for America.

Paris, Aug. 6.—Congressman and Mrs. Nicholas Longworth sailed from Cherbourg for New York on the American line steamer St. Paul Saturday. A crowd of friends saw them off at the railroad station here, including the Marquis and Count de Chambrun and their wives and the officials of the American embassy. The compartments in which Mr. and Mrs. Longworth traveled were filled with flowers and gifts.

Shocks Felt at Martinique.

New York, Aug. 6.—A cable dispatch to a morning paper from Fort De France, Martinique, says that four strong earthquake shocks were felt here Thursday night.

DEEP CRUELTY IS SHOWN AT CAMPS

Witness In Peonage Case Weak And Exhausted.

WAS INHUMANELY TREATED.

Investigations Are Concluded and Three Men Are Held Under Heavy Bond for Trial in the United States Court.

Pensacola, Fla., Aug. 6.—The investigation of peonage and slavery conditions at the Jackson Lumber company camps at Cochrane, by the United States court commissioner was begun Friday and concluded Friday night, and resulted in the unearthing of a terrible state of affairs if the statements of the witnesses told upon the stand are true.

Three men are held for trial under heavy bond. They are Rosh Gallagher, Superintendent W. N. Grace and Oscar S. Bender, the two latter also employes of the company. Many witnesse were examined and all testified directly or indirectly as to how men had been beaten and ill-treated at the camps.

The climax came when Manuel Jardosa, a foreigner, who had been brought from New York with others, was placed on the stand. So weak and exhausted that he could scarcely hold himself in a seat, suffering from bruises over the body and burning up with a fever, he told his story. He had been beaten with whips, struck in the face with clenched fists and kicked in the abdomen and lower portions of the body. He could not speak English but pointed out Gallagher in the court room as the man who had inflicted most of the punishment. His story was told through an interpreter, and so pitiful was his condition that when he concluded and could hardly leave the court room, a purse was taken up to place him in a hospital and give him proper treatment.

Frequently during the time he was on the stand he would place his hands upon his stomach and through his interpreter signify that he was in pain from the kicks he had received.

Mrs. Mary Paul Jones and Mrs. Gibson, ladies living near Laurel Hill, saw the men overtake a foreigner near their homes with hounds, and while one held him under cover with a revolver, another beat him unmercifully with a whip.

Will Investigate Ill Treatment.

New York, Aug. 6.—A special to a morning paper from Portland, Me., says that the British consul in Boston has ordered an investigation of the alleged ill-treatment of Lord Sholto Douglas during the period of his recent detention by the Portland police. The inquiry relates chiefly to the use of manacles on the second night of his detention after he had furnished the police with what seemed to the British vice consul to be ample proof of his identity. The manacles, worn all night, left painful bruises. Lord Douglas says he wants to avoid further notoriety and will be satisfied with verbal apologies from the sheriff and police.

Tom Johnson Is Acquitted.

Cleveland, Aug. 6.—Judge Kennedy in the common pleas court has decided that Mayor Johnson was not guilty of contempt of court as charged in connection with the tearing up of the tracks of the Cleveland Electric railway company last week in Fulton street. The court held that W. G. Springborn, director of public service, had violated the temporary injunction issued by Judge Berg in the case. Mr. Springborn was fined $100 and costs. An application for a new trial was at once filed by the attorneys for Springborn.

Pattison Will Filed for Probate.

Batavia, O., Aug. 6.—The will of the late governor Pattison has been filed for probate. It gives one thousand dollars to the Ohio Wesleyan university for a fund for indigent students and a similar sum to the trustees establishing a library. The residue of the estate goes to his widow and children.

CELESTIALS WON'T DO FOR NAVAL STORES

They Are Willing, But Physically Inadequate for Work.

WILL RETURN TO PORTLAND

Do Not Like the Work of Chopping and Scraping and Other Things Around a Naval Stores Camp—Not Through Unwillingness, But Inability.

After an experiment which has become exhaustive, covering a period of about three months, C. W. Chase, the naval stores operator, with managers, have decided that the employment of Chinese labor is a "snare and delusion" in comparison to the negro or white labor, in the manufacture of naval stores.

About three months ago Mr. Chase, through his agent, imported in the neighborhood of fifty Chinamen from Portland, Oregon, to Paradise and Fairbanks, where Mr. Chase owns and operates extensively in naval stores. There had been a scarcity in negro labor, and Mr. Chase, who is also a big phosphate operator, being president of the Dutton Phosphate Company, the largest in the State, conceived the idea that Chinamen would be the proper substitute and simplify the labor question in this country. At great expense Mr. Chase imported these Celestials, built them a good, comfortable hotel at which to board at Paradise, and started them off right; but it was observed from the first, by reason of the result of the labor, that they were not the people for this class of work.

Gradually the Chinamen themselves began to become impatient, with the result that the management finally decided to send them back to Oregon, where they could follow the pursuits for which they are best adapted.

The result is, that forty-eight out of the fifty or so will leave tomorrow by special car for their place of former abode—Portland. The management has provided comfortable accommodations, and the movement will be via the Atlantic Coast Line, Dixie Flyer and N., C. & St. Louis Railroad. They will be placed in Portland in good season, and it is hoped that everybody will be better satisfied for the experiment.

It is said that the contract for this movement was $72.05 per head, Paradise to Portland.

ANNUAL TAX SALE.

Attracted a Great Many to the City—All Made Lively Bids.

As the best evidence that real estate in Alachua county is not going begging, it may be mentioned that the annual sale of lands in the county for delinquent taxes was begun Monday.

This sale, which has been advertised in The Sun, brought large numbers of anxious "bargain seekers" in real estate from all sections, some coming from even beyond the limits of the county. The scene in the court house corridor, where Collector Dickinson conducted the sale, resembled, on a small scale, a stock exchange, there being manifested a great deal of enthusiasm in some bids. Collector Dickinson is responsible for the statement that the sale progressed very rapidly, as there was usually a bidder for the delinquent property. Fully ninety-five per cent of the land put on the block Monday was promptly bid in.

Collector Dickinson expects to be busy for the next two days in this work.

Meeting of Board of Control.

The regular meeting of the State Board of Control was held in this city Monday, a full board, comprising Hon. N. P. Bryan of Jacksonville, chairman; Hon. J. G. Kellum of Tallahassee, secretary, and Hons. J. C. Baisden of Live Oak, T. B. King of Arcadia and P. K. Yonge of Pensacola.

The regular routine of business was gone over, there being nothing of especial importance.

After the meeting the board visited the new University grounds, and the members expressed themselves as being highly gratified at the progress being made upon the grounds and buildings.

WALTER WHITE PAINFULLY SHOT

Called to His Front Door and Received a Load of Bird Shot.

THE ASSAILANT IS UNKNOWN

As Far As He is Aware, White Does Not Know of An Enemy Who Would Shoot Him in the Dark—Man Brought to Gainesville.

Walter White, an industrious colored man who is employed upon the farm of J. M. Haile, near Alachua, was the victim of a mysterious shooting sometime during Sunday night.

The shooting was done at the home of White, and the assailant is not known, as White does not recall any enemies who might take advantage of him in the dark.

White, who has been working on Mr Haile's place, was asleep, when he was awakened by a call.

"Come out here, I want to see you," the voice summoned. Unsuspectingly the man went to the door and unbolted it, and no sooner had he done so a shot rang out from the front gate, only a few feet away. This shot had no effect, however, and as the man rapidly turned and endeavored to close the door a second volley was discharged, this volley entering the right thigh of White and terribly lacerating the member.

White was brought to Gainesville Monday, when Dr. J. Harrison Hodges attended to his wounds. Dr. Hodges states that there is no immediate danger of the man's life, if blood poison does not set in. The wound was neglected for several hours, which may or may not result in this. This must be determined later.

COUNTY COMMISSIONERS.

Held Meeting Monday to Hear Complaints on Raising of Valuations.

The Board of County Commissioners met Monday to hear the complaints, if any, of the raise in valuation of taxable property.

There were few complaints from the country districts, but some of the city property owners made strenuous objections to the increase in valuation. This seemed to accomplish little, however, as in very few instances the board agreed to a decrease.

The board will meet in regular session today, at which a great deal of business of importance will likely come up for consideration.

Pale? Thin?

How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them a good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this. We have no secrets! We publish the formulas of all our medicines! J. C. WHITE PRESSED BRICK

MANY BUILDINGS IN WHICH HOME PRODUCT IS USED.

Manufactured by the Florida White Pressed Brick Company of Jacksonville.

One of the many new industries which was added to Jacksonville during the past year is the manufacture of sand-lime brick.

The Florida White Pressed Brick Company, with offices in the Dyal-Upchurch Building, has been for the past six months utilizing one of nature's resources in the manufacture of sand-lime brick at their factory, situated on the northern borders of Jacksonville.

For several months they manufactured only brick for facing purposes, but owing to the exceedingly great demand for common sand-lime brick they turned their attention to the manufacture of this grade, thus enabling one to procure a common sand-lime brick of superior quality at a price proportionally equal to the price of the clay brick of today.

Since June 1 last, the Florida White Pressed Brick Company is dealing direct with the customer, builder or contractor, as the case may be, and are their own selling agents and sole distributors of their own make of brick. It is said that these brick are soon to be distinguished from other makes of sand-lime brick, in that their registered trade-mark is impressed on each and every brick. This mark is a double X, and the brick of this company will no doubt become widely known as the "XX" brick.

Evidences of the push and energy of this thriving company are seen today in many parts of Jacksonville, where already over a million of these brick have been eagerly sought after and used in the many new buildings, some of which are nearing completion, and many well under construction.

Mr Emil Bernstein has the distinction of having the very first "XX" brick made, which were used in the construction of his beautiful residence on East Monroe street, near Market.

The convent of the Sisters of St. Joseph, in Springfield, a four-story structure of substantial lines of architecture, is nearing completion and is built of the "XX" brick.

The new four and a half story business block of the Christie-Groover Drug Company, on Adams street, adjacent to the board of trade building, is another of Jacksonville's new edifices just completed. This building has attracted more than the usual attention, respecting the beautiful front which is laid up with the Florida white pressed brick.

Among the many other buildings in which these brick are being used are the Brinkley & Baines flats on Church street, east of Main; the new residence of Mr. Mills on East Eighth street; another flat building on Ashley, west of Main; also the business block of Messrs Lewin & Ossinsky on southeast corner Main and Ashley. This is being built entirely of these brick, including the foundations, and will be four stories.

It is understood that the Florida white pressed brick is manufactured under the "Huennekes process," and that exhaustive tests have been made with this class of brick by Prof Woolaston, of Columbia University, being a noted chemist and authority on building materials. The resulting tests have proven the brick made under this process to be an exceptionally fine material for building purposes.

The fact that the Florida White Pressed Brick Company's "XX" brick has been so readily used in Jacksonville is sufficient recommendation for their product.—Times-Union.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge.

FLORIDIANS ABROAD.

Gen. Gilchrist Has Honor and Pleasure of Meeting Old Friends.

General Albert W. Gilchrist of Punta Gorda, one of the most widely known politicians in Florida and a possible candidate for Governor, has not forgotten the friends of his native State, notwithstanding that he is abroad, and naturally "seeing all that he can see."

General Gilchrist, true to his promise to a Tampa newspaper man a few weeks ago, when he was approached in the matter of an interview as to his candidacy for governor, has gone abroad to "follow the footsteps of the illustrious William Jennings Bryan." He promised the Tampa pen-pusher that he would have more to say about his candidacy and the questions of the day when he returned—and he will.

But the good-natured, affable General has not waited until he returned to communicate with his friends, for he is possessed of that souvenir postal craze which has affected most everybody, whether they cross the great ocean or content themselves with a couple of weeks on the seashore. He has no doubt written several souvenir postals to his American friends and colleagues, among which is an interesting one from Rome, Italy, dated July 7th to Senator H. H. McCreary. It bears information to the effect that he was well and "busy;" that he had the pleasure of meeting in Rome on the day previous Mr. McCreary's daughter, Miss Irene, and that popular lady, Miss Clem Hampton, of the State Superintendent's office, who are traveling abroad.

Another communication in the form of a souvenir from Miss Hampton, Rome, July 7th, bears out the statement that she and Miss McCreary had met General Gilchrist—and naturally, being Americans, friends, and from the same State, the meeting was a pleasant one.

A Business Change.

Ernest Papy and Andrew Phillips, two of the best known tonsorial artists in this section of the State, have purchased the barber shop of Chas. Benson, 105 West Main street N., and will continue the business at the same stand.

The fixtures were really purchased by A. Chresostomidhes, but have been leased upon amicable terms to Papy & Phillips.

Benson's "shop," as a resort of this kind is usually termed, is one of the oldest in the city. The owner was enjoying a good business, but was compelled to sell out on account of his health.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Card of Thanks.

Mr and Mrs. Geo. F. Mason desire to express their sincere appreciation and gratitude for the many kindnesses of friends during the recent illness and subsequent death of their little son, J. Medley, with assurances that these lovely kindnesses will never be forgotten.

U. S. LAND OFFICE AFTER "COL." PARDUE

Land Official Alleges That He Is a Grand Rascal.

MAKES ILLEGAL EVIDENCE

Seeks to Obtain Titles, It is Said, to Government Lands Upon Fraudulent Representations, And Is Charged With Unprofessional Conduct.

From the records in the United States land office, "the Honorable" Armstrong Pardue, a negro lawyer who has an office in Marianna, Jackson county, and makes that his home and headquarters, is about to get into some kind of trouble, as he is likely to be disbarred. The question is an order or rule on file in the land office for Pardue to show cause why he should not be disbarred for conduct unbecoming his profession. He is charged by United States officials with having procured illegal or fraudulent entries for parties seeking to obtain title to public or United States government lands, and of being otherwise guilty of dishonest and unprofessional conduct.

Pardue is endeavoring to corner the market in professional lines, as he is editor and publisher of a paper called The West Florida Bugaii.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for those troubles on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Death of An Infant

J. Medley, the eighteen-months-old son of Mr and Mrs. George F. Mason, died on Sunday morning at 10 o'clock from congestion of the stomach, after a slight illness. The funeral was held from the residence of Judge and Mrs. H. G. Mason, 601 W. Orange street, Monday morning, Rev. T. J. Nixon of Kavanaugh Methodist Church officiating. The services were attended by a number of friends, who gathered in sympathy with the parents and grandparents in their sad bereavement. The interment was in Evergreen cemetery.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A half-point off may bring us directly upon the rocks.

Southern converts to Secretary Taft's counsel are not rolling along fast enough to make much noise.

Speaker Cannon is putting the sails on his little Presidential boom and it's nearly ready for the launching.

The world's greatest men grew upward from the lower classes, while the world's meanest men grew downward from the upper class.

It is the person rather than the occupation that adds dignity to labor. There are those who can beautify the most menial occupation or service and there are others who can degrade the most honorable calling.

Congressman Garnier of Texas represents the greatest goat raising region in the world. There are more than 300,000 "Nannies" and "Billies" in the twenty-two counties composing his district. Uvalde county alone has 80,000.

The Lord had the right idea when he made man. He said it was not good for man to be alone, but had he made more than one wife for Adam there would have been more trouble than there was in the shade of that old apple tree.

The people of the United Kingdom have come to be tremendous tea drinkers. Their annual consumption is now about 260,000,000 pounds, and we hear occasionally of English "tea drunkards" whose daily allowance is measured by gallons.

The world is full of women who can amuse the ordinary man. They can sing, dance or recite to him; can paint, write or decorate in a manner most pleasing, but the poor man often goes begging for a woman who can sew on buttons or mend his clothes; who can cook his food with economy and flavor it to his taste.

COTTON CONVENTION.

President Harvey Jordan, of the Georgia and Florida Sea Island Cotton Association, has issued a call for a convention of the growers to meet at Valdosta, Ga., on August 30th and 31st, 1906.

Every county in the States named where long staple is grown should call a mass meeting of the farmers at their respective county seats in the near future and select delegates to attend the convention. The number of delegates will not be limited, so as to enable as many growers to be present as possible.

The object of the convention is to arouse renewed interest in the work of organization; to examine into the probable yield of the crop and fix a fair and profitable minimum price to the growers during the coming season, and to transact such other business as may come before the convention.

Therefore, this call is intended to reach all the long staple growers of the two States named, and to secure their active co-operation and support.

The county delegates are earnestly urged to secure as correct data as possible with reference to condition of the crop and a forecast of the possible yield, and to have this information in hand at the convention. Efforts will be made to secure of reduced railroad rates for the benefit of delegates. Valdosta is named because that city was agreed upon at the organization of the Association as the point to be for future meetings of like character.

Let all persons interested attend the convention. The time has come for active co-operation if good prices are to be realized. It is imperative that prompt and definite action be taken.

Russell Sage took for his ideal the millionaire—and he reached the goal. He was no less a miser because a millionaire. The man that can deliberately throw a clerk between himself and an assassin's bomb has the capacity for money-making. Gladstone died poor because he was too busy to make money. No grave-vandal will dare disturb his dreamless sleep, for he was England's idol. The man who distributes nothing while he lives will die rich. But now the self-centered plutocrat must turn loose his gold, die, sleep in a burglar-proof steel vault, and be forgotten. Who remembers the millionaires of fifty years ago? After all, the world does not canonize her mere money-getters. Russell Sage slumbers in a casket locked from the inside, and his heirs contest his fortune. What does a $30,000 sepulture amount to if we have no enshrinement in human hearts? And there is an alarm connection made with his coffin if perchance unholy hands should touch his bones. Horrid! Better a thousand times to sleep in the bottom of the sea, if love will but immortalize. The green seaweed would be our winding sheet. The wild ocean-winds would chant our requiem. Yes, the man who makes the millionaire his ideal may die rich.

The other day an employe entered the refrigerator of a great storage company. The door flew to its fastenings and imprisoned him. When they found the unfortunate fellow his brain was frozen and the blood clotted in his veins. O, yes, so much depends on environment! Some men have lived so long in their surroundings until every noble thought and impulse have long since died. Men walk our streets who are no more than mere machines—they breathe and move, that's all. They're leeches on the great social body. The man that does not earn his bread—somebody earns it for him, and in it assumes a double task. The output of their life is worthless. The street loafer and town bum ought to go to the junk pile. That's where they throw scrap iron—it's seen it's day.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

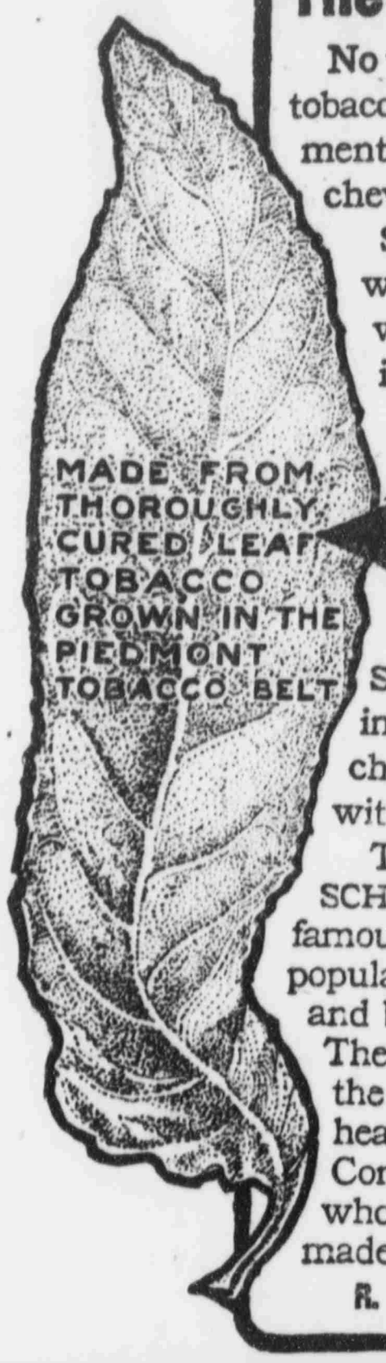
The Chew that's Sweet and Clean



No wonder SCHNAPPS is popular—it's the chewing tobacco that suits the man who chews to get enjoyment from the tobacco, instead of the mere habit of chewing and expectorating.

SCHNAPPS is made from choice selections of the well matured, thoroughly cured Piedmont leaf, with an aroma so delightful and appetizing that it popularized the chewing of tobacco. There's no other tobacco in the world that requires and takes so little

Schnapps

sweetening.

That's what makes the difference between SCHNAPPS and the many excessively sweetened imitations—and it's such a difference that once a chewer chews SCHNAPPS, he is never deceived with any imitation.

The sweet, tasty and exhilarating ***quality*** of SCHNAPPS tobacco has made the Reynolds factory famous as the manufacturers of the best and most popular brands of chewing tobacco, and as the largest and best equipped flat plug factories in the world. They contain every modern appliance for producing the best chewing tobacco, by clean, sanitary and healthful processes. The R. J. Reynolds Tobacco Company is under the direction of the same men who have managed it since 1875, and who have made the chewing tobacco business a life-study.

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Prompt Action Outwits Mob.

Louisville Ga., Aug. 6.—But for the prompt action of Deputy Sheriff Willis Clark, in rushing him off, Will Adkins, a negro about 17 years of age, would possibly have been lynched at Speed, Ga., for attempting a criminal assault on an old lady in that vicinity. The negro was landed safely in jail here. The lady on whom the attempted criminal assault was made in order to capture the negro practically kept the matter secret for two or three days until the officers of the law could lay hands on him. When the crime became known, the citizens of the immediate neighborhood became infuriated and if the negro had not been hustled off immediately he would probably have been lynched.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Well Known Teacher Dead.

Norwood, Ga., Aug. 6.—Mrs. Frances McGinty, 83 years old, widow of Joel T. McGinty, a famous school teacher who a number of years ago taught in Atlanta, assisted by his wife, died here Friday morning at 9 o'clock. Mr. and Mrs. McGinty numbered among their pupils such illustrious Georgians as Evan P. Howell, ex-Governor Henry McDaniel and Wellborn Bray and a host of others. Mrs. McGinty was remarkably intellectual. She often spoke of those illustrious Georgians as "her boys."

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

BANDITS ROB GIRL.

Young Woman Held Up and Robbed of Cash and Honor.

El Reno, Okla., Aug. 6.—Two highwaymen held up and robbed Samuel Roland and Miss Corinne Jones, of Dallas, Tex., at a railroad station near El Reno, assaulted the woman and were captured by a posse after a pursuit in which an unknown man was killed.

Roland and Miss Jones, who are young people, were waiting for a train at the station when two men with pistols robbed them of money and valuables, assaulted Miss Jones and fled. Roland sent word to El Reno, and a posse started after the robbers.

After the train, on which the two men attempted to escape, was surrounded and during the search, a stranger started to run. On refusing to heed a call to stop he was shot down.

The two prisoners were promptly identified by Miss Jones and Roland. The dead man has not been identified.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Lipton Wants America's Cup.

New York, Aug. 6.—A cable dispatch from London to a morning paper says that Sir Thomas Lipton, whose anxiety to challenge for the America's cup is well known, has made the suggestion to a number of prominent yachtsmen on this side of the Atlantic that in case he sees his way clear to a formal challenge, he would make secure a concession from the New York Yacht club allowing him to build two yachts, one to sail against the other, and send the best boat to sail against the defender.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

IN MAYOR'S COURT.

Lively Session of Municipal Tribunal on Monday Morning.

As usual, the session of the mayor's court on Monday morning was a heavy one, in proportion to other days. Saturday night as a rule provokes more disorder that any other night of the week, with the result that on Monday morning there are more broken heads and determinations of vengeance to be disposed of than at any other time.

James Walters was said to be drunk on the streets Saturday night. He was gathered in, and in the mayor's court, at which President Broome of the City Council was acting as mayor, he was fined $2.50 and costs.

Peter Collins was alleged to have bent his elbow a few times too often, with the result that his thoughts got to running as high as the foam of his beer, and his heels knocked hard when he endeavored to navigate. He was taken into the fold of wickedness and indiscretion, and fined $2.50 and costs.

H. G. Kennard was arraigned for shooting at Shad Sams, a negro whom it was alleged had attempted to assault him, making all kinds of threats of what he would do. Kennard is not the kind to take a "bluff," and Sams soon discovered that. There was no damage, as Kennard only discharged the weapon in the direction of the fleeing negro after he had started to run. He was fined $10 and costs, however.

Sams was also arrested, and was released under $25 bond until Wednesday morning.

Summer Diarrhoea in Children.

All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

COULD NOT REST NIGHT OR DAY

With Irritating Skin Humor—Whole Body Affected—Scalp Itched All the Time and Hair Began to Fall Out—Wonderful Result From

APPLICATION OF CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humors; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body; and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dandruff out and scalp is always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blankenship, 319 N. Del. St., Oct. 27, 1905. Indianapolis, Ind.

RECOMMENDED TO ALL MOTHERS

"I have used Cuticura Ointment for chafing of infants, and as they grew older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers." Sincerely yours, Mrs. F. A. Kennard, June 21, 1905. St. Paul Park, Minn.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

A buggy and harness were found hidden in the negro's house and his operations are said to have been extensive. He is in jail.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Robbers Secure $40,000.

Warsaw, Aug. 6.—A telegram from Libeau says that train robbers between Libau and Haffpot, stole $40,000 of government money.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

A TEXAS WONDER.

Judge Arnow Very Ill.

All during Monday Hon. Geo. J. Arnow, postmaster of the Gainesville postoffice and one of the oldest and most widely known residents of the county, was at the point of death, the outcome of old age and a continued illness of the past few weeks. Judge Arnow's family and friends watched anxiously all day over his bed, and at a late hour last night his chances were as good as early in the morning, but at the best were poor. Judge Arnow is 81 years of age, but up to a month ago was quite active.
